

**CHILDREN'S ACADEMY
GHAZIABAD**

SHAPING FUTURE LEADERS

Since 1985

BRINGING GLOBAL VISION INTO ACTION

At Children's Academy, we believe that no dream is unachievable. Our academic experience accelerates the growth of our students, helping them shape the future of their dreams.

But education is incomplete without a guided value system. We are training our students to become the best version of themselves with learning pedagogies that encourage their curiosity, allow them to learn at their own pace and impart strong values to mould them into confident individuals.

Message from
our Management

FOR THE PARENTS

Children's Academy is not all books and pens, it's an experience where we nurture great leaders.

With this vision in mind, we started this organisation, naming it Children's Academy where everything is of the children, by the children and for the children.

It has been almost 40 years of building the lives of students into numerous success stories, right from IAS, IPS, engineers, doctors and architects to the professions that never even existed before.

Their inclination towards meditation and mindfulness has been a catalyst in helping students succeed. We are ever growing, expanding the horizons of learning throughout Ghaziabad and beyond with our branches at 3 locations; Pratap Vihar, Dadri, Vijay Nagar.

With your support, Children's Academy shall continue to serve the nation by enabling growth for many more students, empowering them with education and all-round development.

Mrs. K Rana

Principal
Children's Academy
Ghaziabad

EDUCATING THROUGH EXPERIENTIAL LEARNING

We have adopted innovative learning methods by helping children experience and retain the knowledge for life. Our children learn through workshops, and comprehensive activities like Model United Nations (MUN), cultural exchange events and community outreach programmes.

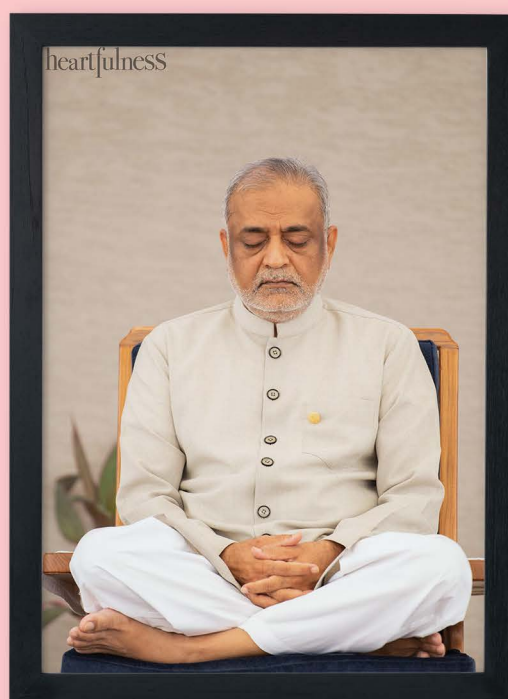

We intend to make the learning space more conducive and less tedious so that every child is allowed to excel in our care. Through our collaboration with the **Brighter Minds Program**, we provide students with courses that unlock their cognitive abilities, enabling them to experience the power of logic, creativity, intuition, focus, enhancing their capabilities beyond ordinary.

NURTURING MINDFUL CHILDREN

We are preparing our children for the exam of life. With the power of heartfelt learning, our children learn to approach challenges with a calm and composed mind; a quality that all desire but few achieve and our students make that cut of the achievers.

Training by the preceptors from Heartfulness has also enabled our teachers to be mindful, compassionate, loving and caring in their approach towards children.

**Peace and joy
are already
within you.
Activate them
with meditation.**

We believe that sports is not a pastime,

SPORTS IS A PASSION

Our students participate in CBSE clusters. Our young athletes are playing at national level and preparing to raise our national flag at international level championships.

Children's Academy is equipped to train students in all sports that include; Taekwondo, Javelin Throw, Shot Put, Volleyball, Football, Basketball, Table Tennis, Chess, Rope Skipping, Kho-kho, Kabaddi, Badminton and Tennis.

EXPANDING THE HORIZONS OF LEARNING

with Performing Arts

We make it possible for children to grow beyond books, as individuals with strong identities.

Our school hosts an annual event- **EUPHORIA**, where students from over 35 schools participate and perform cultural activities. Our students learn to organise events and gain confidence by being the host.

Our annual functions, topical events and other cultural activities are conducted with an innovative approach to let students learn beyond books.

Strong Values

NURTURE STRONG INDIVIDUALS

We inculcate moral values by enabling students to build a sensitivity towards the nature and community that they live in.

Recycling

25000+

Books &
Notebooks

Planting

100+

Trees

Helping Uplift

1800+

Underprivileged
Children

RAISE SMART INDIVIDUALS

We offer every opportunity possible to help our children become smart students with rational opinions. Students from our school participate in quiz competitions, debate competitions, MUNs and mock parliaments where they act as diplomats and debate like professionals.

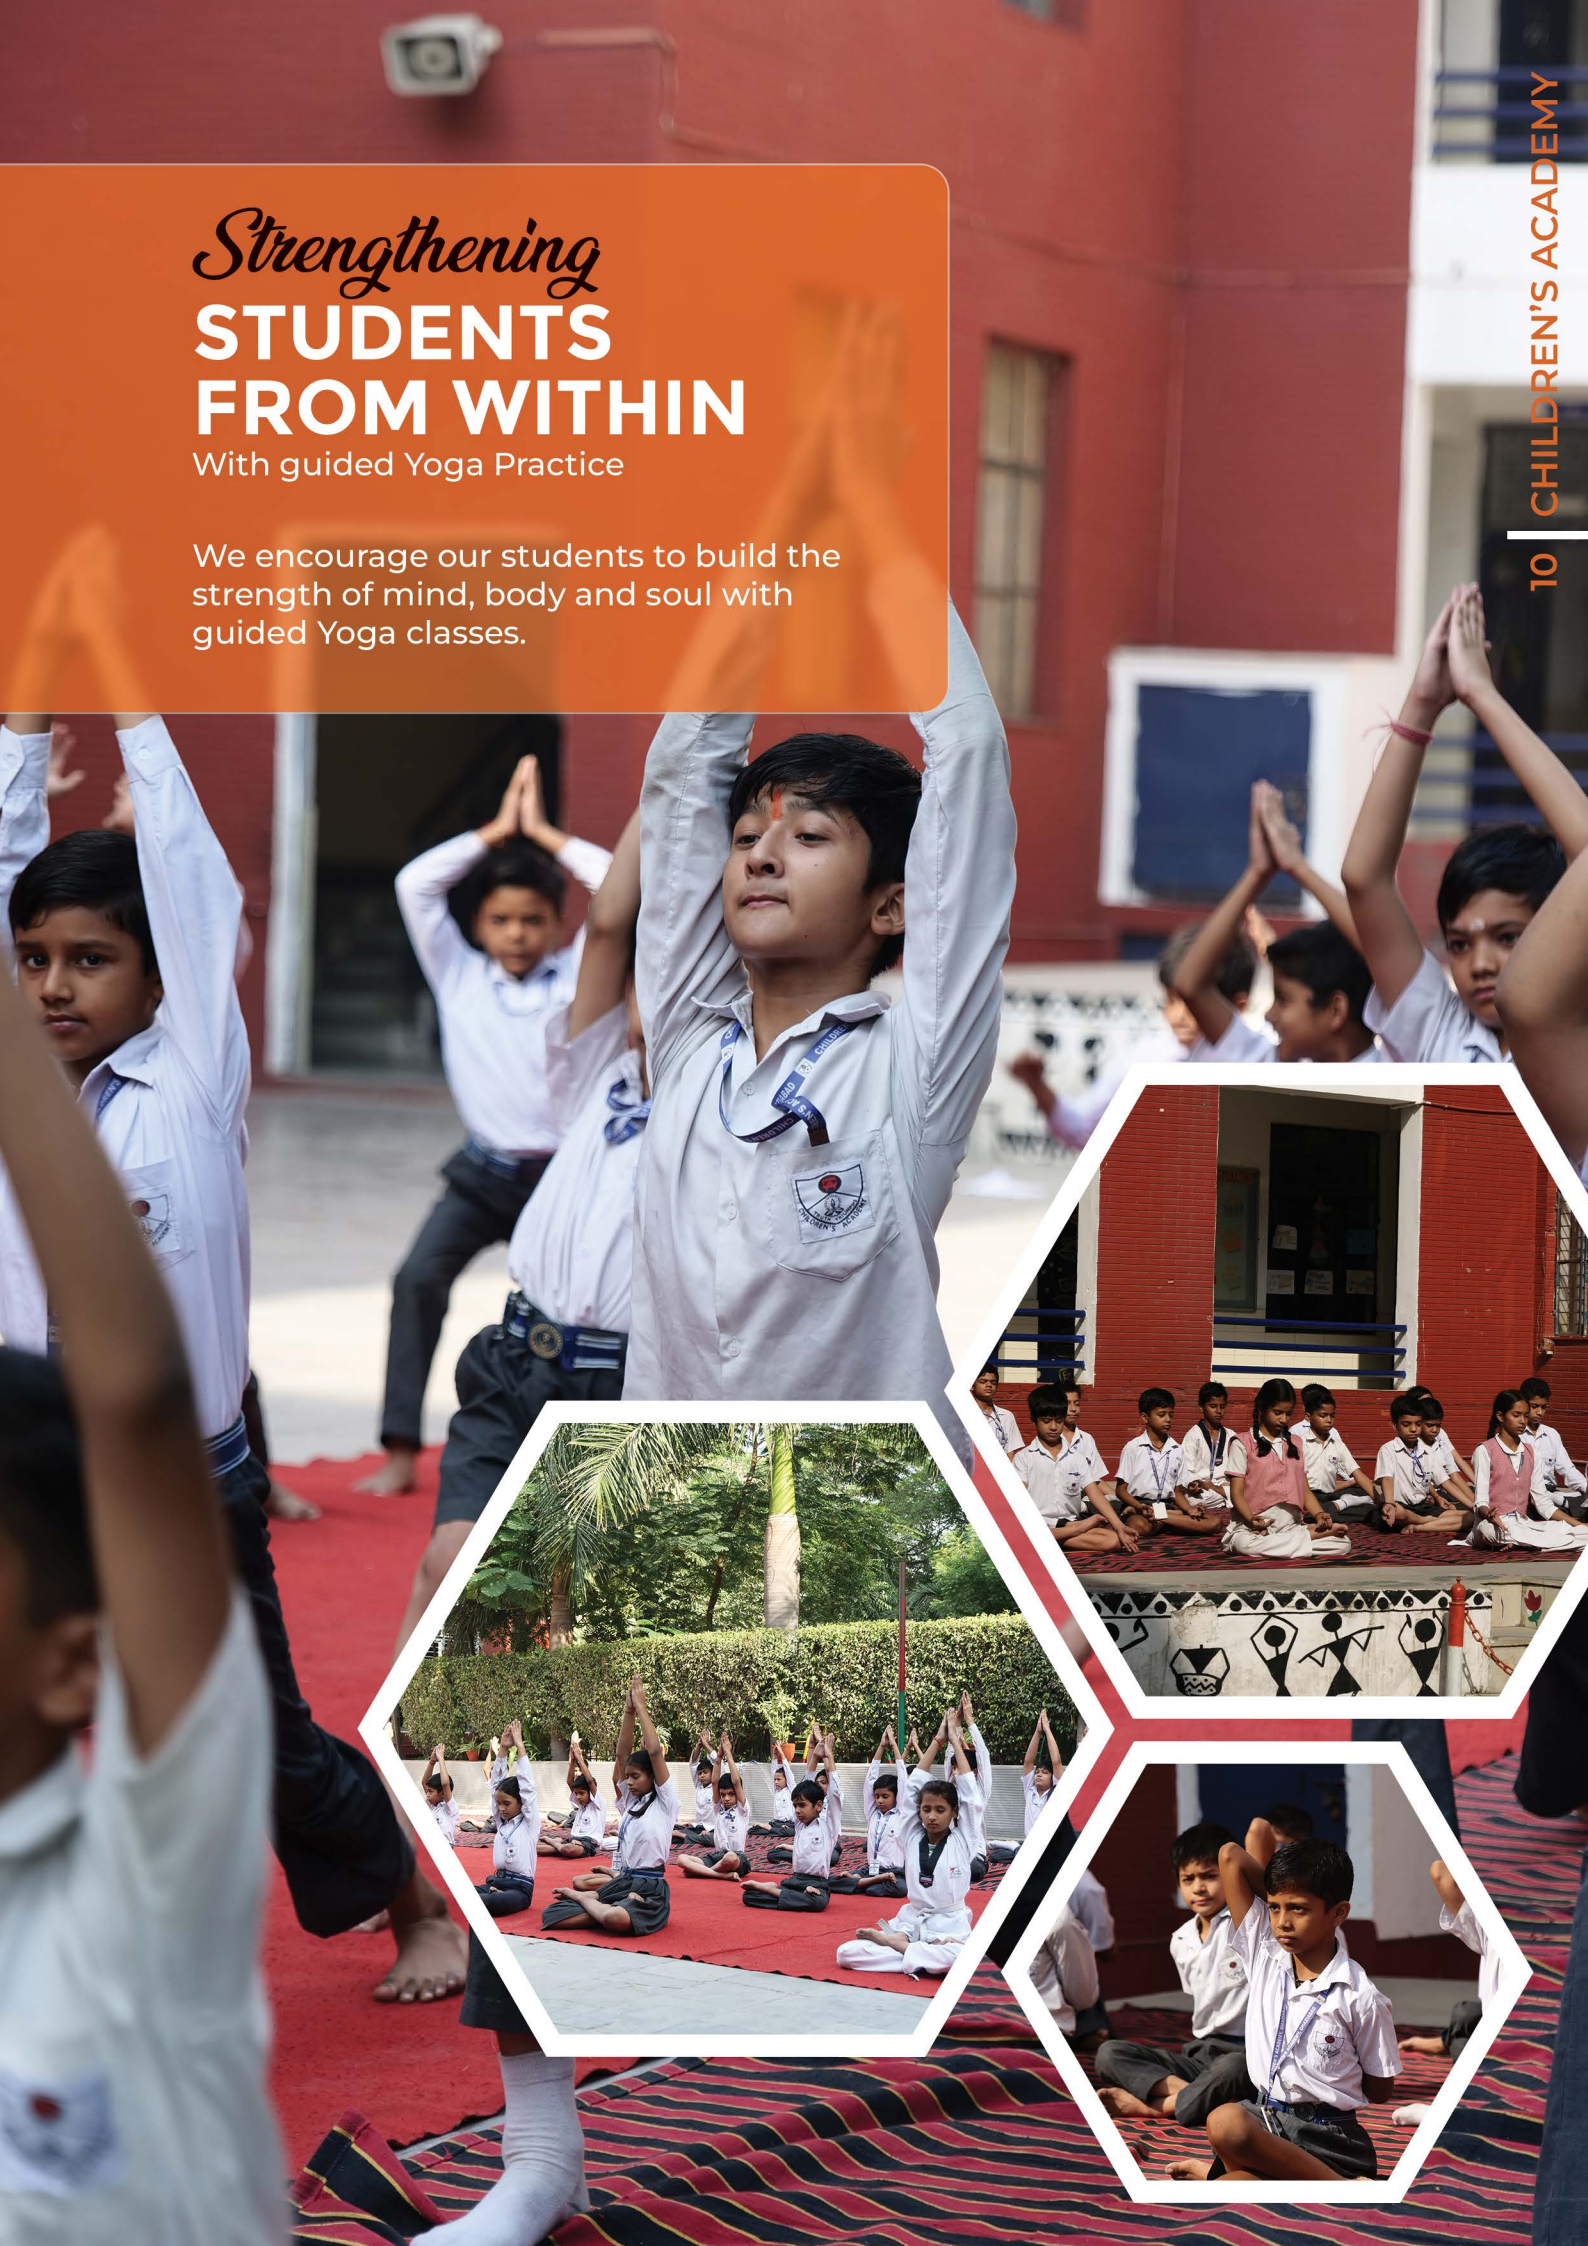

These activities help our children gain:-

- Oratory skills
- Diplomatic attitude
- Impressive personality
- Exceptional researching skills
- Great knowledge

Strengthening **STUDENTS FROM WITHIN**

With guided Yoga Practice

We encourage our students to build the strength of mind, body and soul with guided Yoga classes.

OUR CHILDREN ARE LEADING THE WAY

Every child is a prodigy for us and we leave no stone unturned to ensure comprehensive learning. With the help of Brighter Minds, our teachers have gained the knowledge of Neuroscience of Learning, enabling them to act as a catalyst in the child's cognitive growth.
